

Fishing license

In order to fish in the Pas-de-Calais departement, you will need a valid fishing license (carte de pêche). When fishing, you must have with you at all times: Both a fishing license issued by an AAPPMA of the Pas-de-Calais departement or one delivered by one of the neighbouring departements together with a subscription to a reciprocity agreement (URNE) and the official freshwater eel fishing form (carnet de pêche de l'anguille - CERFA form N°14358\*01).

It is illegal to fish without a fishing license. Any fishing officer is allowed to fine you if you cannot show him/her your fishing license.

Purchasing a fishing license

There are four different ways for you to obtain a fishing license:  
■ Online: [www.cartedepeche.fr](http://www.cartedepeche.fr)  
■ At a local agents' (find one near you on [www.peche62.fr](http://www.peche62.fr))  
■ At the local AAPPMA (affiliated fishing association)  
■ At the federation

Your license fees are put to good use

■ **Obtaining fishing rights**  
The fees collected by the Federation and the AAPPMA pay for the necessary fishing rights for anglers.  
■ **Promoting and developing fishing**  
These fees also allow the federation to organise fishing events and activities, from fishing classes for children (federation activities and fishing workshops) and the maintenance of fishing grounds to promoting fishing (signs, fishing guide) and the stocking of some fishing grounds.  
■ **Protecting our fish and freshwater capital**  
When you purchase a fishing license, you fund AAPPMA and Fishing federation actions in the public interest, such as fishing ground maintenance, ecological restoration and protection of fish species.  
■ License fees also helps **maintain a fishing network in charge of communicating, teaching and monitoring as well as raising environmental awareness.**  
**Part of the fees is used to finance official water agencies for the protection of the aquatic environment.**

Types of fishing licenses

There are 7 different fishing licenses to suit your every needs:  
**Carte Interfédérale** If you want to fish in the URNE, CHI, EGH0 grounds, you will need the carte interfédérale, a reciprocal fishing license.  
**Carte majeure** an annual card for people over 18.  
**Découverte femme** an annual card especially for women (with only one fishing rod).  
**Carte mineure** an annual card for 12 to 18 year-olds.  
**Carte découverte** an annual card for children under 12 (with only one fishing rod).  
**Carte journalière** our one-day fishing pass.  
**Carte hebdomadaire** our weekly fishing pass.  
**Timbre Grands Migrateurs** If you want to go sea trout or Atlantic salmon fishing, you will need a specific fishing stamp called Grands Migrateurs (large migratory fish).

All prices can be found on our website:  
[www.peche62.fr](http://www.peche62.fr) or on the dedicated license site [www.cartedepeche.fr](http://www.cartedepeche.fr)

Carp fishing at night

Carp fishing is allowed at night on specific grounds defined by prefectoral order - find them on our website, [www.peche62.fr](http://www.peche62.fr). Only vegetable fishing paste can be used as bait. Under no circumstances can a carp be kept alive or transported at night. In order to fight against illegal trade in carps, transporting live carps over 60 cm (1 ft. 11 ¾ in.) is forbidden and punishable by a €22,500 fine.  
Go to the interactive map of sites authorized for night carp fishing on [www.peche62.fr](http://www.peche62.fr) section *Specific regulations by species*.  
**New** Night carp fishing is authorized on the federal ponds of Contes and Plouvain every 1st Friday of the month by reservation on + 333 91 92 02 03.

Reciprocal fishing agreement Carte Interfédérale

**The most economical formula**  
Many fishing associations and federations "pool" their fishing grounds through a reciprocal agreement to make it easier for anglers to obtain a license and to create a much larger fishing area. The interfederal fishing license "carte interfédérale", will give you access to all AAPPMA angling grounds **participating in the URNE, EGH0 and CHI reciprocal networks**.  
**The "Discovery under 12" fishing license (carte découverte), the "minor person" fishing license (Carte mineure) and the discovery fishing license for women (Carte Découverte Femme) benefit free of the reciprocal fishing agreement when the fishing license is taken in a reciprocal fishing association. Please check up with the association where you will fish in order to verify the validity of your license.**  
**Important: the adherents of reciprocal associations are obliged to respect the rules of the other reciprocal associations where they will fish.**  
**To sustain the balance of reciprocity, we thank you not to go to the fish restocking of the other reciprocal association.**

Selling your catch

You are not allowed to sell your catch.

Minimal catch size

Catch size is measured from the tip of the jaw to the extremity of the tail. Fish shorter than the minimal size must be released immediately (see the table concerning fishing hours and minimal catch size).

Fishing for beginner and intermediate anglers **Free**

AAPPMA	Date	Level	Technic
Delettes	Saturday, Marsh 26	Beginners	Trout fishing, lure fishing
Esquerdes	Saturday, April 9	Beginners	Trout fishing, lure fishing
Nielles les Blequin	Saturday, April 16	Beginners	Trout fishing, lure fishing, small river
Nielles les Blequin	Saturday, April 23	Improvement	Tac fishing
Wizernes	Saturday, April 30	Improvement	Trout fishing, lure fishing
Coyecques	Saturday, May 7	Beginners	Trout fishing, lure fishing
Wimereux	Saturday, May 14	Beginners	Flyfishing
Arras	Saturday, May 14	Animation	Street fishing

Aa	Wednesday, June 15	Afterwork	Flyfishing
Harchelles	Saturday, June 25	Beginners	Pike fishing, lure fishing
Domaine public de la Canche	Monday, June 27	Animation	Migratory fish, lure fishing
Aire sur la Lys	Wednesday, July 6	Beginners	Angling
Aire sur la Lys	Saturday, December 10	Improvement	Pike fishing, lure fishing

Other dates are coming soon on [www.peche62.fr](http://www.peche62.fr)

Fly tying workshop

Create your own flies!  
The Federation provided the material. Price of the workshop: 5 euros. Meeting every Friday of February from 6 p.m. to 8 p.m. Registration required on +33 3 91 92 02 03.

The federal courses

Catch and release fishing grounds

"Catch and release" is compulsory on all federal courses even the federal ponds. Fishing with live or dead baits is forbidden.

Three catch and release fly fishing grounds

The fishing federation created three grounds for catch and release fly-fishing: two grounds on the Crequoise river in Offin and in Loison-sur-Créquoise and one ground on the Course river in Beussent. The grounds in Offin and in Beussent have a fishing limit of 3 anglers a day. The ground in Loison-sur-Créquoise has a fishing limit of 4 anglers a day. Anglers must call the Federation one week ahead of time to register in order to be allowed to fish there. The phone number is +33 3 91 92 02 03.

Three federal fishing courses for all techniques

Since 2020, the Pas-de-Calais Fishing Federation has offered three federal catch and release courses for all fishing techniques except with live and dead baits. Go to the courses of Delettes, Esquerdes and Wizernes. More information on [www.peche62.fr](http://www.peche62.fr)

Float tubing

Thanks to the collaboration of the two Federations of North and Pas-de-Calais for the Fishing and the Protection of the Aquatic Environment to legalize float tubing on several waterways of the "Voies Navigables de France". Several courses are now opened to this practice: chanelled Lys, beginning PK 0.50, and Pk of the North Department, Houle River, complete section, channel of Aire, crossing of the Bassée, upstream Impasse of Aire-sur-la-Lys, Channel of Beuvry, complete section and the Port of Pleasure in Bethune, complete section. The federal pond Contes is also open to this practice on reservation. For more information about float tubing regulation in Pas-de-Calais, go on [www.peche62.fr](http://www.peche62.fr)

Fishing season and hours / Minimum catch size

Species		Fishing period		Minimum catch size	Number of fish caught
	Pike	From March 12 to September 18 2022  Mandatory release of the pike from March 12 to April 30, 2022	From January 1 <sup>st</sup> to 30, 2022  From April 30 to December 31, 2022	Between 60 cm and 80 cm (Between 2 ft. and 2 ft. 7 in.)	3 fishes including 2 pikes maximum
	Zander	From March 12 to September 18 2022  Mandatory release of the zander from March 12 to April 30, 2022	From January 1 <sup>st</sup> to 30, 2022  From April 30 to December 31, 2022 Mandatory release of the zander from April 30 to June 12, 2022	50 cm (1ft. 5 3/4 in.)	
	Grayling	From 21 mai to 18 september 2022 	From May 21 to December 31, 2022 	30 cm (11,811 in.)	6 salmonids per day all categories combined
	Brown trout	From March 12 to September 18 2022 		30 cm (11,811 in.)	
	Rainbow trout	From March 12 to September 18 2022 		25 cm (9 5/6 in.)	2 per day
	Sea trout	From April 12 to October 30 2022 		≥ 60 cm	
	Atlantic Salmon	From April 30 to October 30 2022 		Between 50 cm and 70 cm (Between 1ft. 5 3/4 in. and 2 ft. 3 in.)	Annual authorized catch rate for Canche River 10 and for Authie 10)
	Eel	Please consult the annual decree		12 cm (4 3/4 in.)	-
Spinycheek crayfish, red swamp crayfish, signal crayfish and all other species no mentionned before		From March 12 to September 18 2022 			
Crayfish (European crayfish, white-clawed crayfish, narrow-clawed crayfish and stone crayfish), silver eel (and other <12cm), allis shad, sea and river lamprey.					

Legal fishing hours

Fishing starts half an hour before sunrise and stops half an hour after sunset. The only exception is made for the sea trout: it can be fished 2 hours after sundown in grounds registered for salmon and brown trout fishing (the rivers where the November

Fishing schools and clubs

The fishing schools were created to help beginners develop the skills they need to be able to fish on their own and responsibly, respecting nature and those who enjoy it. In Pas-de-Calais, you can be taught fishing in :

Open Carna Contes

In 2022, in order to guarantee a maximum number of catches, the Open Carna Contes Contest will take place on the day of the opening of the pike fishing on Saturday, April 30. The Contes marsh, near Hesdin, is one of the largest marshes in the lower Canche valley. A study is currently underway on this site to assess the stock status and the growth of the pike population through participatory science. This contest will participate actively in this study.  
More information on [www.peche62.fr](http://www.peche62.fr)

Enduro Carpes Contes

For the 5th consecutive year, the Pas-de-Calais Fishing Federation in partnership with the Audomarois carp anglers will renew the Enduro Carpe Contes Contest on the 26th, 27th and 28th of August 2022. Registration and more info on: [www.peche62.fr](http://www.peche62.fr)

Fishing Fair **Join us!**

**On Sunday June 5th 2022**, anglers will gladly teach you and your family how to fish in the Pas-de-Calais fishing federation and to the local fishing and aquatic environment conservation associations, everybody can learn how to fish in their local river or in ponds and discover more about the aquatic habitat and the species that live in it. To know all the animations, please consult our website [www.peche62.fr](http://www.peche62.fr)

Remember, fishing is exceptionally free every first Sunday in June only as part of a fishing animation proposed by an AAPPMA (Association Approved for Fishing and Protection of the Aquatic Environment) and relayed by the Federation.

Useful information

Insurance

Anglers with a Pas-de-Calais fishing license benefit from the FDAAPPMA62 insurance coverage for civil liability, disability and death while fishing or working as volunteers for their local AAPPMA or for the fishing federation.

If you come across any contamination, call

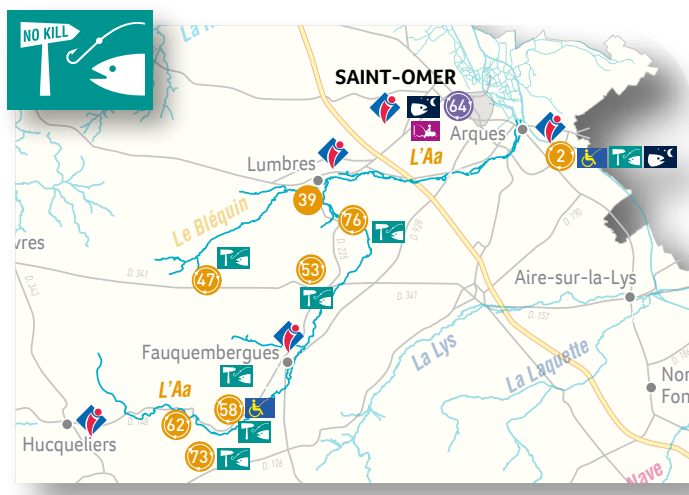

**AFB (river police): +33 3 21 56 93 57**  
**The closest police station • Your local AAPPMA**  
**The fishing federation: +33 3 91 92 02 03**  
Please react as fast as you can. If a machine answers your call, please leave a message and call the next number on the list until you reach someone who can come and assess the contamination.

Zoom sur...

**New** Catch and release compulsory in the Aa River

The meteorological conditions of recent years (repeated flooding, severe low water levels in summer, etc.) as well as pollution have adversely affected the reproduction of brown trout. To impact the populations present as little as possible and allow them to complete a total life cycle, the fishing association network and many fishermen are mobilized and agree on the fact that it is necessary to take emergency measures for the preservation of this heritage species. In 2022, it will therefore be possible to fish brown trouts on the Aa river but only practising catch and release. Let's adapt our practices to perpetuate our leisure activities and continue these beautiful encounters over the water.

Fishing for persons with reduced mobility

You can find hereunder a list of some of the grounds where persons with reduced mobility can fish.

AAPPMA	Quantity	Precise location
Arques	9	2 in the Northern part of the Etang de Beausejour, behind the campsite 7 at the etang de Malhove pond that can be accessed through the rue de Savoie street Parking spot with a walking path leading to the pontoons
Beaurainville	1	Beaurain-Chateau marsh, 200 m/ 220 yd. from the kayaking base
Béthune	1	Water station
Brimeux	2	"Marais de Contes marsh", Pond N°2 Canche, large migratory fishes ground
Calais	1	Residence of Bords de Canche, 26th street of Général de Gaulle
Écourt	1	Moulin du Bacon street - 150 meters downstream of the treatment plant's car park
Fédération de Pêche	4	Federal pond "Ballastières" in Aire sur la Lys
Frévent	1	Residence of Bords de Canche, 26th street of Général de Gaulle
Hesdin	2	Guisy - Rivière street - near the picnic area Bouin-Plumoisson : near campsite, downstream of the bridge
Lillers	1	Brille Pond - Brule street
Mazingarbe	1	39 street Jean Delatre
Montreuil-sur-Mer	2	Under the road bridge, at the place called Place du Cormoran Alley of the Franc Marais - Place called "The Beach"
Oignies	1	At 10 meters from the fishing local, "Bras mort" site
Oisy le Verger	1	Marais du Haut Pont marsh, "lot n°2", to the left by entering
Palluel	2	Marsh path, across the etang du Grand Clair pond
Raye-sur-Authie	1	250 m / 275 yd. from the bridge
Renty	1	100 m / 110 yd. downstream from the bridge, easy to park and to access, the river is right by the town road and wheelchair accessible
Rollancourt	1	On the pond of category 2 rounds
Saint-Laurent-Blangy	1	Étang du Chevalier (Pond) - Through the entrance located Jean Jacques Rousseau street
Saint-Omer	1	Chrest Place
Saint Poi sur Ternoise	1	Anvin, Mazinghem street
Saint-Venant	4	On the passable part of the Digue de la Lys dam (150 m / 165yd Upstream from the Saint Venant lock) Boulevard vert, rue d'Aire street on the Courant du Malmoule river At the Pont d'Aire bridge, rue d'Aire street, on the Guarbecque river Rue Jean Moulin street, on the Busnes river

Invasive alien species

Invasive alien species

Catfish, sunfish, pseudorasbora and American crayfish are invasive alien species and should never be released. They must be transported dead and their introduction prohibited. It is therefore strictly forbidden to use them for fishing as live or dead bait.

The round goby

This species, native to Eastern Europe, is known in France since the beginning of the 2010s. The round goby has a strong dynamic and shows an invasive character. With a mainly carnivorous diet (invertebrates, fry, eggs,...), this species is characterized by a black spot on the first dorsal fin. It is not to be confused with the sculpin, native species of our department.

**Take these good tips without moderation**  
**Do you want to fish in security?** Is your fishing rod made of carbone fiber or do you use a long fishing rod?  
These tips concern you :  
• avoid fishing near power lines,  
• hold your fishing rod in a horizontal position when passing under a power line,  
• be vigilant about information signs which indicates areas at risk,  
• do not hesitate asking your Fishing Federation.

Fishing tourism

What about fishing on the Ternoise river?

4 fishing associations along the Ternoise river have signed a reciprocal agreement so that anglers can enjoy an uninterrupted 23 miles of category 1 fishing grounds on the banks of the river. They are renowned for their density in salmonids - which reproduce naturally - as well as large migratory fish such as Atlantic salmon and sea trout. On the Ternoise riverbanks, you can enjoy different fishing techniques: fly-fishing, lure fishing, Czech nymphing... Come and fish for a day, or two, or more!

Find out more about the **Pêche en Ternoise project** on the **pecherenriviere Facebook page**

Fishing accommodation

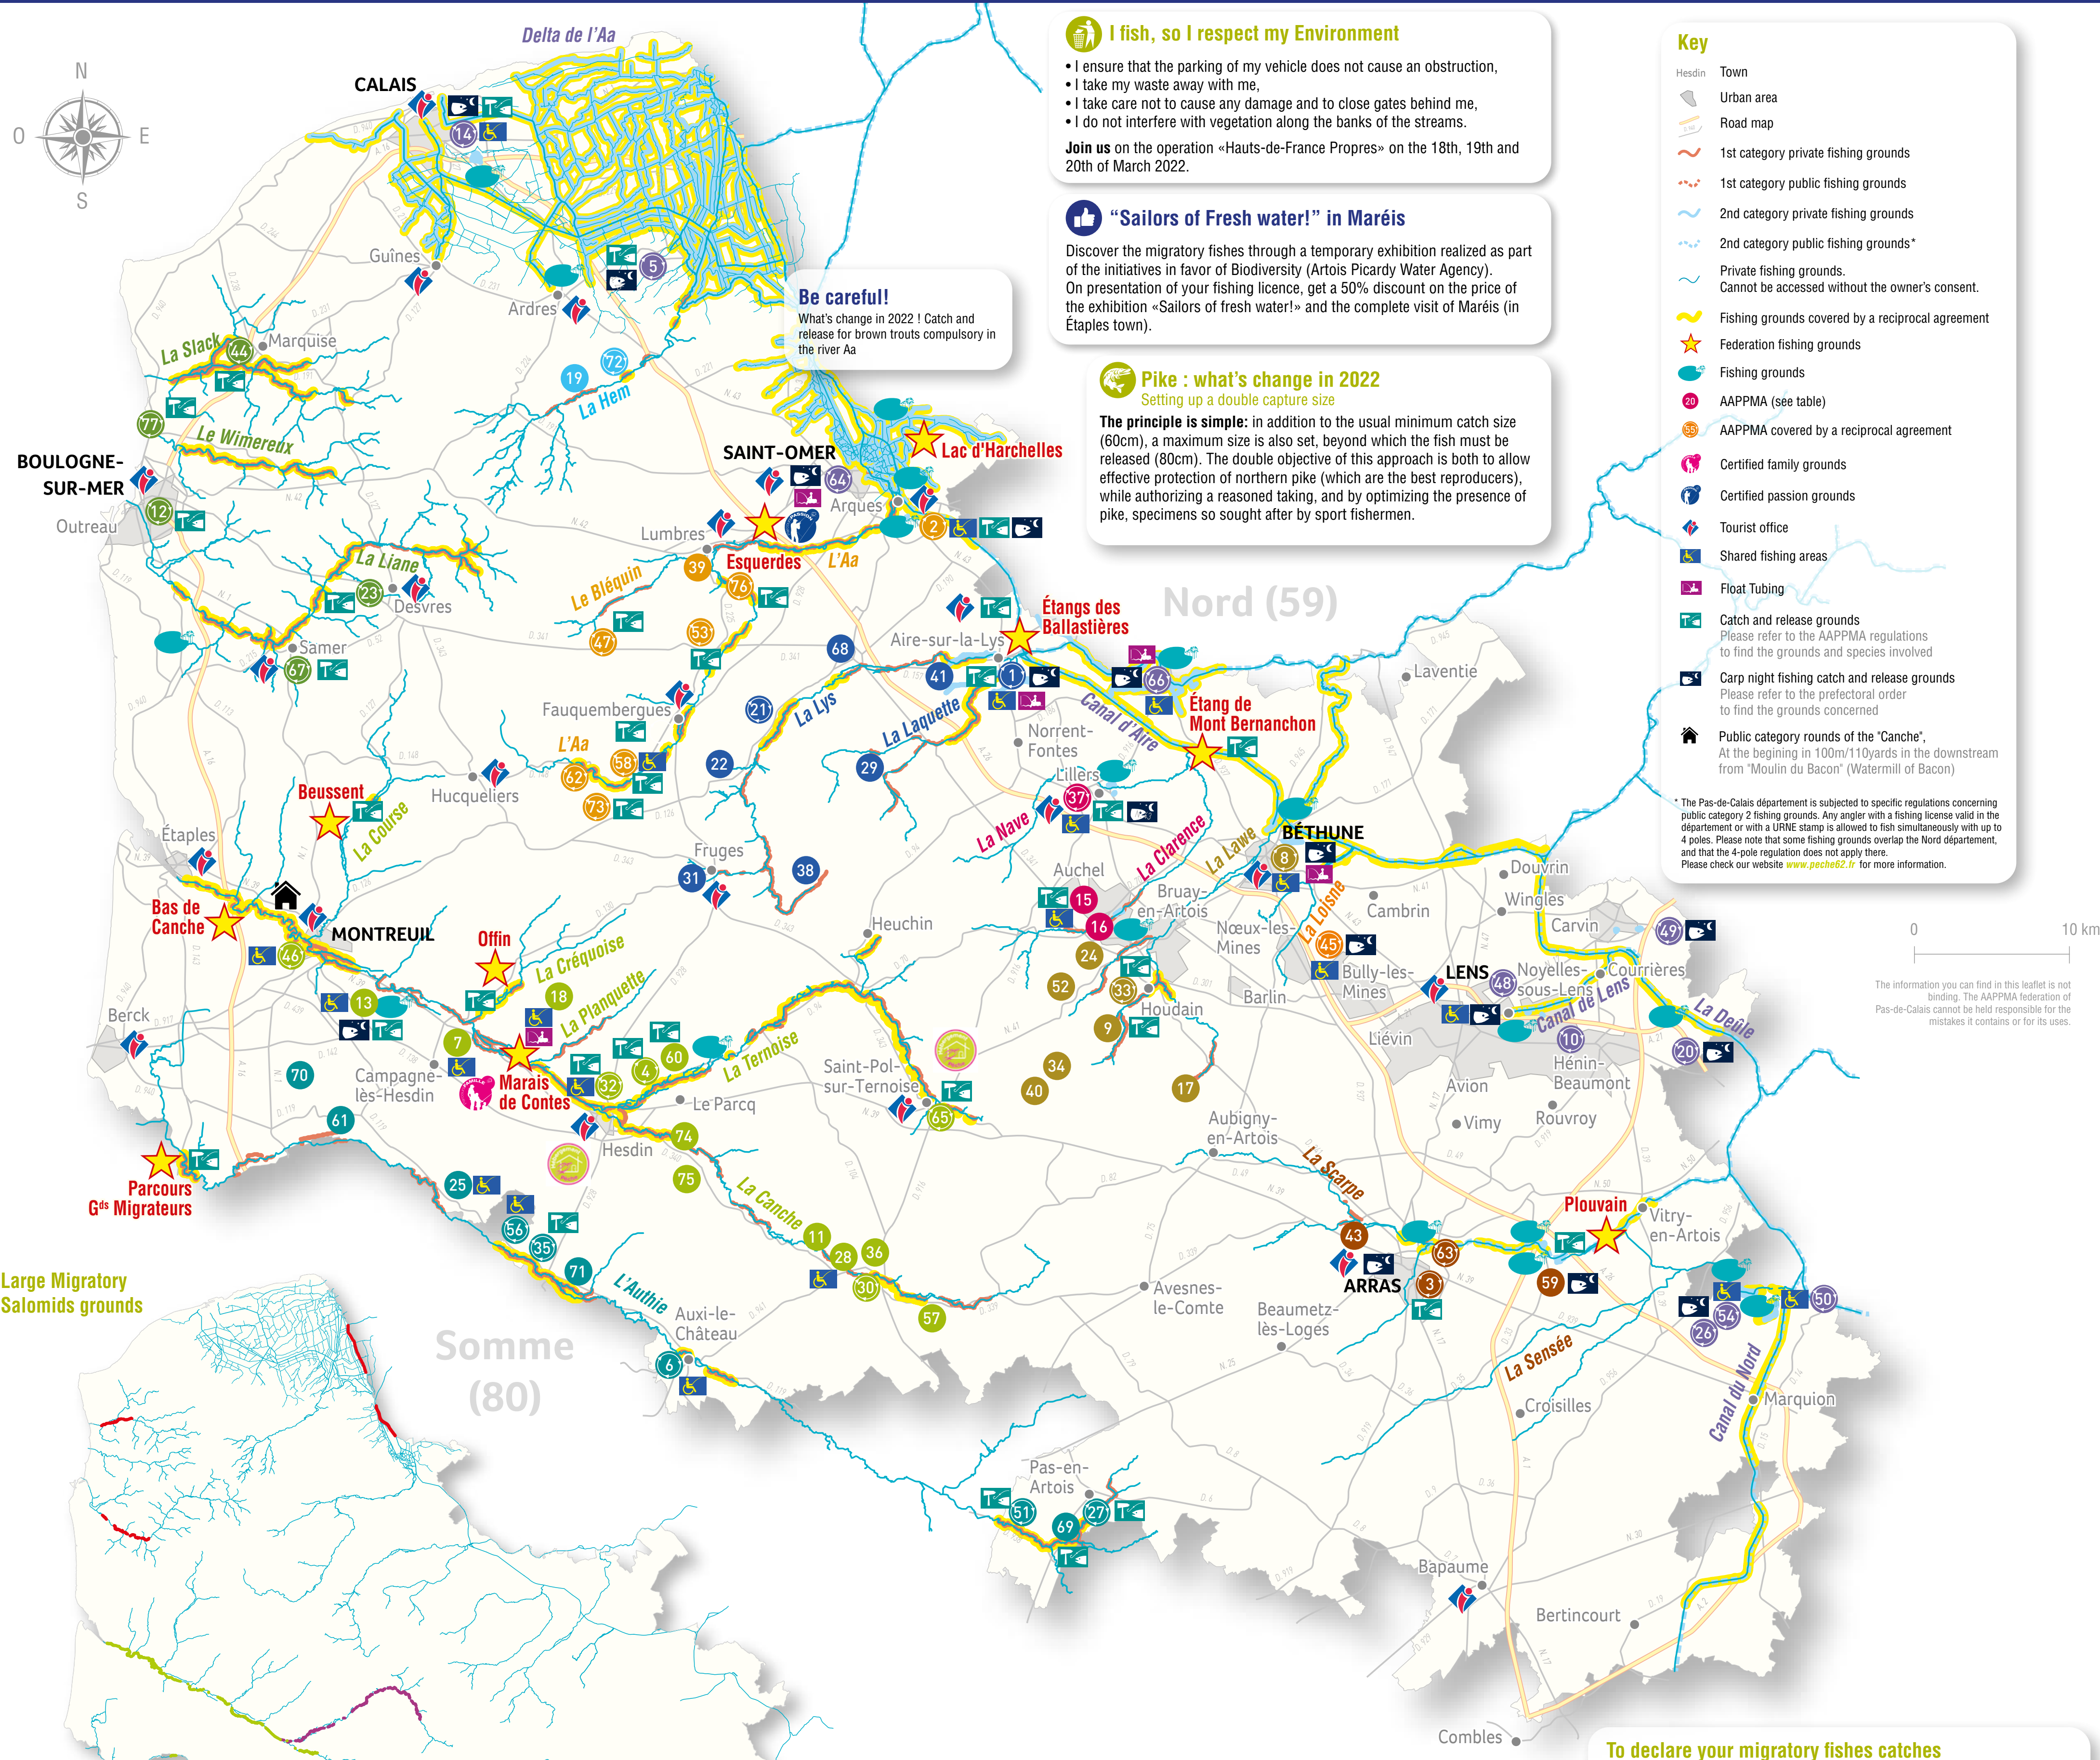

The French fishing federation (FNPF) has established a label and its accompanying quality charter to help promote the development of fishing accommodation and services. The Fédération du Pas-de-Calais pour la Pêche et la Protection du Milieu Aquatique also applies this quality charter locally. Fishing accommodation must meet several criteria: it has to be close to fishing grounds, must be open during the fishing season, must welcome anglers in a personal way and be ready to advise them and provide relevant leaflets and documentation. It must also offer services such as a locker or room for fishing tackle, packed meals, and make fishing easier by delivering fishing licenses, informing anglers about current regulations and what the departmental Federation has to offer. Here is a list of fishing accommodation that have applied for this quality label. And now, thanks to the financial contribution of Europe and the Hauts-de-France Region, you can freely loan the fishing equipment. You can find below the list of certified accommodation. Please, find below the list of certified accommodation.

# Fishing grounds in Pas-de-Calais

## I fish, so I respect my Environment

- I ensure that the parking of my vehicle does not cause an obstruction,
- I take my waste away with me,
- I take care not to cause any damage and to close gates behind me,
- I do not interfere with vegetation along the banks of the streams.

Join us on the operation «Hauts-de-France Propres» on the 18th, 19th and 20th of March 2022.

## “Sailors of Fresh water!” in Maréis

Discover the migratory fishes through a temporary exhibition realized as part of the initiatives in favor of Biodiversity (Artois Picardy Water Agency). On presentation of your fishing licence, get a 50% discount on the price of the exhibition «Sailors of fresh water!» and the complete visit of Maréis (in Étaples town).

## Pike : what's change in 2022

Setting up a double capture size

The principle is simple: in addition to the usual minimum catch size (60cm), a maximum size is also set, beyond which the fish must be released (80cm). The double objective of this approach is both to allow effective protection of northern pike (which are the best reproducers), while authorizing a reasoned taking, and by optimizing the presence of pike, specimens so sought after by sport fishermen.

## Key

- Hesdin Town
- Urban area
- Road map
- 1st category private fishing grounds
- 1st category public fishing grounds
- 2nd category private fishing grounds
- 2nd category public fishing grounds\*
- Private fishing grounds. Cannot be accessed without the owner's consent.
- Fishing grounds covered by a reciprocal agreement
- Federation fishing grounds
- Fishing grounds
- AAPPMA (see table)
- AAPPMA covered by a reciprocal agreement
- Certified family grounds
- Certified passion grounds
- Tourist office
- Shared fishing areas
- Float Tubing
- Catch and release grounds. Please refer to the AAPPMA regulations to find the grounds and species involved
- Carp night fishing catch and release grounds. Please refer to the prefectural order to find the grounds concerned
- Public category rounds of the "Canche". At the beginning in 100m/110yards in the downstream from "Moulin du Bacon" (Watermill of Bacon)

\* The Pas-de-Calais département is subjected to specific regulations concerning public category 2 fishing grounds. Any angler with a fishing license valid in the département or with a URNE stamp is allowed to fish simultaneously with up to 4 poles. Please note that some fishing grounds overlap the Nord département, and that the 4-pole regulation does not apply there. Please check our website [www.peche62.fr](http://www.peche62.fr) for more information.

<b>Slack</b>	Downstream from the bridge of the A16 in Marquise	NO	NO	NO
<b>Aa</b>	Downstream from the bridge of the D928 in Saint Omer	NO	NO	NO

## To declare your migratory fishes catches

You have the Migratory Stamp and you wish keep a catch (salmon or sea trout), your declaration is compulsory on <https://declarationpeche.fr/>  
You caught a sea trout or a salmon that you released or not, please declare (anonymously if you want) your catch on <https://tinyurl.com/declarationpeche62>

## Possession of migratory stamp is strictly required if:

- You want to take a Sea Trout or an Atlantic Salmon (only allowed on the Canche and Authie axis to the upstream limits which are indicated in the table below cons).
- You want to fish during the twilight exemption (only allowed on the Canche and Authie axis to the upstream limits indicated in the table below cons).
- You want to fish on these rivers until the closing date of the fishing Atlantic Salmon and Sea Trout.

Beware, the practice of catch and release is mandatory on several courses.

The removal of an Atlantic Salmon (only allowed on the Canche and Authie axis to the upstream limits indicated in the table below cons), must be in compliance with the number of specimens that can be legally caught (prefectural order). Once the limit number is reached, the removal of an Atlantic Salmon is prohibited with the publication of a new prefectural order. So please regularly check up our website to know the updated number. When you take an Atlantic Salmon, you must immediately put a mark to the fish and report the capture to the CNICS\* (in accordance with the recommendations of the migratory set submitted with your migratory stamp. The Catch report for Sea Trout from the CNICS\* is not mandatory but highly recommended. Thank you to check the validity of the number of specimens that can be legally caught presented on the annual order.

\*CNICS : Centre National d'Interprétation des Captures de Salmonides migrateurs (National Center for the Interpretation of migratory salmonids catches)

## Maison de la Pêche et de la Nature (fishing and nature centre) in Pas-de-Calais

“How the fishing federation raises awareness and spreads information”

If you need any extra information concerning the Pas-de-Calais FDAAPPMA and its activities, you can come and visit the Maison de la Pêche et de la Nature - located rue des Alpes in Arques - Monday to Friday from 9 a.m. to 12:30 p.m. and from 1:30 p.m. to 5 p.m.

Fédération du Pas-de-Calais pour la Pêche et la Protection du Milieu Aquatique
